PROFILE

I am a self-motivated person with a passion for the environment. I am comfortable in the role of both team player and leader, where I aim to lead by example to motivate others to give of their best. I embrace challenges which I approach with a conscientious and goal-directed strategy. Others know me for my energy, enthusiasm and respectful attitude. I am a member of the UCT Moot and LAWCO societies, as well as a participant in monthly beach clean-ups with Animal Ocean. I also enjoy being involved in various outdoor activities. I am currently completing my postgraduate LLB degree at UCT.
