EXPERIENCE

Above Average Tutors
Tutor (2009 – current)
I tutor High School students with certain subjects
and ensure that their marks improve.
Senior Lab assistant (2009-2011)
I worked at the University, Computer Department, in assisting in the
management of computer labs and with computer associated
problems as well with repairing software and hardware.

SKILLS

Team work - Ability to work well within a team as this was a crucial aspect during my course of employment as a Senior Lab assistant.

Leadership and communication skills - I have consulted with many clients during my Legal Process (in the legal sense) course and partook in Mock trials.

Interpersonal skills - In my years of academia and work experience, the ability to interact with others has developed in many ways, specifically, my tuition experience in which i have had many one on one sessions with students in assisting them with their secondary education.

Analytical - This skill has automatically been granted to me with the high volume of cases that i have studied throughout my degree.

Proficient on Mac and PC.

INTERESTS

I am a keen and active sportsman, in particular surfing.

I enjoy theatre, art and have a keen interest in current affairs.

I have an interest in traveling as i enjoy experiencing different cultures.

I promote and support community upliftment and social development as i have been a member of Students for Law and Social Justice (SLSJ) during my studies at university which gave me the opportunity to play an active role in the community.
